

Supplier Innovation Survey Questions

- 1) Do you show real-time or near real time inventory on your website for distributors?
- 2) Are you integrating inventory and order status through either PDX or PromoStandards (or both)?
- 3) Do you offer live chat for your distributors?
- 4) How often do executives review security vulnerability reports?
- 5) When was your current ERP system originally installed?
- 6) When was the last full vendor update to your ERP system applied?
- 7) What hurdles are hindering your integration progress?
- 8) From a time-savings and efficiency standpoint, how significant to your company is the ability to have integrated purchase orders (as opposed to re-keying orders)?
- 9) What percentage of your infrastructure is cloud-based rather than on-premise?
- 10) Which communication tool does your company use primarily? (i.e., Teams, Slack, etc.)
